

RIG FLOOR SAFETY

Scotgrip® HD Rigmate® Anti-Slip Polyurethane Rig Floor Mats

Scotgrip® HD Rigmate® is a heavy duty, high traction anti-slip polyurethane rubber mat for use on drill floor rotary areas. The unique Scotgrip® anti-slip safety surface is fully integrated with our substrate and is designed to give a long and effective working life.

Tough and resilient to match the drilling environment, this product provides excellent traction with easy drainage of drilling fluids. It has been extensively tested with drilling fluids, oil based drilling fluids, salt water, water, oil and kerosene with it maintaining high traction and showing no wear or absorption of the chemicals. Scotgrip® HD Rigmate® mats come with two-way drainage channels as standard which have been molded directly into the design of the product.

Designed for quick and secure fitting, Scotgrip® HD Rigmate® mats can be connected with straight edges or dovetail joints. Scotgrip® HD Rigmate® is manufactured to a standard 25mm thick (1" approx.) although we can manufacture almost any thickness and can be made to any shape or size.

- Eliminates 'Slips and Trips'
- Cost effective
- High traction
- Tough and durable
- Easy Installation
- Fully guaranteed
- Non corrosive
- Reflects positively on personnel performance
- Can be cut/shaped onsite
