Oilfield and Industrial consumables and materials

What?

A water based heavy duty degreaser with incorporated corrosion inhibitor for industrial use and professional cleaning of grease, oil, wax, soot etc. Concentrated and highly effective, non aggressive to substrates and users, pleasant scent.

Where?

This water based degreaser is suitable for the most difficult degreasing and cleaning jobs such as oil storage tanks, cargo tanks, down hole tools, and equipment, engine rooms, and work shops, ships, and rigs. Use concentrated or dilute with water as practical depending on fouling.

How?

Apply T10 by brush, spray, rag, soak, etc. Let T10 react with the dirt for some time to aid in cleaning. Agitate or scrub if required, or use HP washer. Dilutable with potable tap water depending on the severity of fouling.

Why?

- Water based and safe
- Minimum environmental impact
- Non-flammable
- Effective and economical
- Pleasant scent
- Good for you, good for the environment
- Easy to use
