

BELL SHAPED DISPOSABLE EAR PLUGS

Contact

JY098 Trimax 1D

DESCRIPTION

JY098 soft pliable, disposable ear plugs, made of PU (Polyurethane) foam, designed with optimum protection and comfort for the ear canal offering the highest level of protection against noise. Expands to fit the ear canal more comfortably increasing overall protection. These are easy to insert, durable, lightweight, non-toxic, non-irritating, and easy to carry ear plugs. The JY098 is comfortable.

FURTHER INFORMATION

Recommendation:

- This is disposable ear plugs.
- The ear plugs are worn at all times in noisy surroundings.
- The earplugs are fitted, adjusted and maintained in accordance with instructions on manufacturer.
- If fitting instructions and the recommendations are not adhered to, the protection afforded by the earplugs will be severely impaired.

Warning:

- Recommend shelf life is 3 years.
- Sudden or fast removal of earplugs out of the ear canal may damage the ear drum.
- Do not remove earplugs by pulling the interconnecting cord.
- These earplugs should not be used where there is a risk that the connecting cord could be caught up during use.
- Ear-plugs material may affect the skin irritation, skin disorders or allergic reactions within the lifetime. Every effort is made to ensure that the material which comes into contact with wearers' skin does not cause an allergic reaction. A small minority of users may experience an allergic reaction in rare cases. In the unlikely event of an allergic reaction, discontinue use immediately and seek medical advice.

Statement:

- This product may be adversely affected by certain chemical substances. Further information should be sought from the manufacturer in this case.

Storage:

- Transport the earplugs with the original packaging. Store the ear plug in the original packaging without opening before use and avoid direct sunlight. After use, please dispose of the ear plug following local environmental regulations.

Packaging, Storage

- JY098 Trimax 1D 500 Pair per bag and dispenser
- Disposable ear plugs are intended to be used once and discarded.
- Store ear plugs in a storage box.

Shelf life

The recommended shelf life of this ear plug is 3 years if un-used and stored in protective packaging. Discard if noticeable damages such as tears appear on the ear plug.

Materials

None of the materials used in the manufacture of these products are known to adversely affect the environment or health.

Fitting your Disposable Ear Plugs

Roll entire ear plug with CLEAN HANDS into a narrow crease free cylinder.

Reach over your head with your free hand and pull your ear up and back to open the ear canal.

Insert the plug well into the ear canal and hold in place until the plug expands (30 - 40 secs).

Check the ear plugs are correctly fitted by covering your ears with cupped hands. In a noisy environment you should note no significant difference in noise levels with ears covered or uncovered. If the noise level is reduced when your ears are covered, leave the noisy area and re-fit the ear plugs.

Disposal

All industrial waste should be disposed of correctly as per local regulations and good disposal practice. Hearing protective devices should be disposed of considering the hazardous substances they were used for. Please consider recycling.
